Park Description

Tyddyn Isaf Caravan Park is a family friendly Holiday Park with spectacular views looking out across Lligwy Bay and toward Llandudno. The park has a wide open space, making it the perfect area for children to pass the time playing, as well as a purposely built large playground. Tyddyn Isaf also has an onsite shop for all your essentials you may need, as well as a small restaurant which serves freshly cooked meals daily, for those days when you just want to be taken care of.

Tyddyn Isaf Caravan Park is very lucky to have direct access via a footpath from the park to the beach, Lligwy Bay. Days can easily be spent, soaking up the warm weather during the summer, admiring the stunning views and paddling in the clear blue water. The perfect choice of park, if you want to spend your holiday on a stunning beach, without having to travel too far. The park is positioned on Anglesey so that the rest of North Wales is easily accessible. Minutes from the A55 dual carriageway, some of North Wales' best attractions are only a short journey away. Whether you want to explore Anglesey's coastline and admire the picturesque lighthouses which have been built to aid sailors, or learn more about the history and culture of North Wales by visiting one of many medieval castles in the region.
