Park Description

Henllys Farm Caravan Park is a small family run holiday park, hidden within the Conwy Valley. The park is home to only 11 static caravan holiday homes, making it the perfect choice of park if you are really looking to get away from it all. Set amongst the peaceful setting of narrow winding lanes and rolling hilltops, Henllys Farm Caravan Park is surprisingly easy to find, only a short drive from the historic tourist town of Conwy.

The medieval town of Conwy is the perfect place to spend a day out with the family. From the cobbled streets lined with boutique shops and eateries, to the ancient walls which surround the town, you'll be sure to find something to keep you occupied. Conwy is home to a magnificent castle which can be explored as you learn about the history of this town.
